## LETTER FROM CHINA

MISS DORA OTIS IS DELIGHTED WITH HER WORK THERE.

## TEACHES IN SCHOOL

Eaches in School—China's Flowers Bloom Year 'Round—Are Very Beautiful—Interesting People.

Mrs. Edward Otis of this city has recently received a letter from her niece, Miss Dora Otis, of Hopkins, who is now a missionary in Shanghai, China. We are pleased to be able to give extracts from the letter that will be interesting to Miss Otis' friends throughout the county.

McTear School, 21 Hankow Road, Shanghai, China.—Dear Aunt Ella: Santa Claus certainly did treat you royally, didn't he? He found his way to China, too, and was very good to us out here. It did not seem much like Christmas, though, for this Missionary has been used to snowy Christmases, and we don't have much snow in Shanghai. In fact, we haven't had any yet, except a little in the air that melted as soon as it struck the ground.

This is the strangest climate. The thermometer never does get very low. In fact, I don't believe it has gotten below 29 degrees above zero yet, but the cold is very penetrating and we have to wear warmer clothes than we did in Missouri. That is partly because our houses are not so well heated, but mostly because of a damp atmosphere. The country is very low.

Although Shanghai is about seven miles from the ocean, it is only three feet above sea level and as level as can be. There are canals running all through it and they are full and they empty again as the tide comes in and goes out. But because the temperature is such as it is, we have just lots of flowers all the year 'round. I wish you could see some of the flowers that the Chinese cultivate. They are the most beautiful I have ever seen. Last fall there were the most beautiful big chrysanthemums and dahlias and after they were gone they brought up different kinds and they are all so pretty. Just now the violets are all in bloom, and the Chinese lilies (very much like our narcissus) and fuchsias and Japanese. The violets are blooming outdoors now in some places, but all the other flowers are protected somewhat by the Chinese. They are all so cheap that we can have them almost whenever we want them.

I like the Chinese people very much. I wish you could know some of our girls. Our school is all for girls and there is no danger at all of another Elsie Sigl case. Since I have come to know the Chinese girls and have begun to learn their language, sometimes I catch myself wondering if they can be really of a different race for they are after all very much like the rest of us. Some of them are quite pretty with their smooth dark skin and pretty brown eyes and black hair.

It is interesting to notice the change that comes into their lives when they become Christians. You can almost recognize whether a Chinese girl is a Christian or not the first time you see her. It brings a sweetness and a brightness to their faces which the non-Christians do not have.

Recently a great many Chinese have been expressing their desire to become Christians. Here in our church adjoining our school a meeting was held recently in which a hundred became probationers. They are not taken into the church right away, but enter a class and are taught more about the Christian life before they are baptized. Then there were over a hundred in each of two other places near here who just recently became probationers.

I am so grateful to be here even though I am not of much service yet. I am studying Chinese three hours a day and am enjoying it very much.

## Everything in Garden Tools

Hoes, Rakes, Spading Forks, Trowels, Seeds and everything you need for the garden.

"The Growing Store"  
114 South Main St.

I make a lot of funny mistakes and my Chinese teacher is very amusing. I am getting so I can carry on quite a conversation in Chinese now and can usually make myself understood, but I know it must sound so funny to the Chinese sometimes.

I was somewhat embarrassed one day about two months ago after trying to use my Chinese on some little Chinese girls to hear them say, "We don't understand foreign words."

I have been teaching four classes a day, a primary science, an English, a Bible and an ethics class. It is my first real experience at teaching and I have much to learn from experience. I am sending you a kodak picture of our youngest pupil. She has a little foreign doll in her arms. You will notice that she is wearing trousers. All Chinese girls wear trousers until they are about fifteen years of age. It seemed stranger at first, but now I have gotten used to it.

## News of Society and Womens' Clubs

### Were Dinner Guests.

Mr. and Mrs. S. T. Gile entertained at dinner Sunday Mrs. Gile's sister, Mrs. J. H. Anderson and little daughter, Orrell; and her cousins, Mrs. Shube Coffelt and baby daughter, and Harry and Lester David of Ravenwood.

### L. C. Ts Played Dominoes.

At the social meeting of the U. C. T's Saturday night dominoes furnished the amusement. Mrs. W. J. Hutton won the ladies' prize and E. B. Sheldon, the gentleman's prize. Refreshments were served in lavender and white.

### Surprised Pupil.

Miss Eva Montgomery and her pupils of the B 8th grade, surprised Miss Nelle Williams, the daughter of Mr. and Mrs. O. M. Williams, Friday evening, by taking refreshments and games with them to spend the evening, and a very pleasant time was enjoyed. Miss Nelle and her mother and sisters, Lizzie and Maggie, left Monday morning for their new home near Glenview, Mont. Mr. Williams and two sons, Charles and Owen, have been there several weeks. Two other daughters, Miss Mary Williams of this city, and Miss Anna Williams of Whiting, Iowa, will follow in June. Miss Mary Williams will make her home with Mr. and Mrs. Ed Bratcher until they leave for their new home.

### Married in St. Joseph.

Harold M. Walker and Miss Lillian L. Protzman of this city, were united in marriage Monday afternoon at 2 o'clock in St. Joseph's Catholic Cathedral. The ceremony was performed by Rev. Father Arnsberg. The bride was attended by her sister, Miss Le Veda Protzman. The news came as quite a surprise to "Maryville" friends of the bride and groom, although it was expected that they would some time be married. Mr. and Mrs. Walker returned to Maryville on Monday night and will make their home with Mrs. Walker's parents, Mr. and Mrs. J. J. Protzman on East Cooper street. Mr. Walker is employed by Sweitzer & Davidson. Both are popular young people and they are being kept busy Tuesday receiving the happy wishes of many friends.

### May Morning Breakfast.

"The May Morning Breakfast," which is an affair given by the Young Woman's Christian Association of the State Normal, will be given Saturday morning, April 30, at the First Christian Church, from 8 to 8:30 o'clock. A delightful breakfast menu will be served.

### Miss Totterdale Married.

Miss Carrie Totterdale and Joseph L. McKee, of Pueblo, Colo., were united in marriage Tuesday afternoon at the home of the bride's mother, Mrs. Frances Totterdale, 512 West Third street, Dr. Charles P. Luce of the First Presbyterian church being the officiating clergyman. Only relatives and the bride's intimate friends, Miss Myrtle Eckles, were present. Mr. and Mrs. McKee left on the 4:29 Burlington train for their home in Colorado.

Mrs. G. DeLana returned Tuesday noon from a several weeks visit at El Reno, Okla., with her son, John DeLana and family, and daughter, Mrs. Lester Funk and family.

R. R. Staples and Al Henson of Burlington Junction were city visitors Tuesday.

## TAX ON VEHICLES

COUNCIL PASSED NEW ORDINANCE AT MEETING MONDAY NIGHT.

## PROVIDES HEAVY PENALTY

Money Will Be Used On the Streets—The Tax is Now Due and Is Payable to the City Collector.

At a special meeting of the city council held Monday night attended by Mayor Robey, and Aldermen Ewing, Gram, Hooker, Gray and Foster, an ordinance was passed levying a license tax upon certain vehicles operated in Maryville. It also repeals the old vehicle tax ordinance. The measure was adopted by a unanimous vote of the board. The vehicles subject to the license tax and the amount of the tax against each follows:

On all omnibuses operated for the transportation of passengers for hire, per day, \$3, or if by the year, per annum, \$10.

On all automobiles, motor wagons, motor buses or other mechanically propelled vehicles, operated for the transportation of passengers for hire, per day, \$3, or if by the year, per annum, \$10.

On all automobiles, motor wagons, motor buses or other mechanically propelled vehicles, not operated for the transportation of freight or passengers for hire, per year or fraction thereof, \$2.

On all motor cycles, per year or a fraction thereof, \$2.

On all freight wagons, coal wagons, ice wagons or other vehicles used for the transportation of merchandise, stone, cement, lumber, coal, ice, etc., in heavy lots, operated for hire by the public, or for the delivery of such commodities to the public, when drawn by two or more horses or other draft animals, or propelled mechanically, per year or fraction thereof, \$3.

On all dray wagons or vehicles, other than those named in the above section, which are engaged in a general public drayage business for hire, when drawn by two or more horses or draft animals, or propelled mechanically, per year or fraction thereof, \$3.

On all dray wagons or vehicles engaged in a general public drayage business for hire, when drawn by one horse or draft animal, per year or fraction thereof, \$1.50.

On all mechanically propelled light delivery, parcel or drayage wagons or vehicles engaged in a general public delivery, parcel or drayage business for hire, per year or fraction thereof, \$2.

The tax is due after January 1 of each year and shall be paid to the city collector, who will give a receipt which will be taken to the city clerk, who will issue a metallic license tag.

The money collected from the vehicle tax is to be used for the maintenance, cleaning and repair of the streets.

The ordinance provides a penalty of from \$2 to \$100 for the operator or the driver of any vehicle coming within the provisions of the ordinance without having a license.

The city council has been working on the vehicle ordinance for some time.

Two ordinances condemning and ordering the construction of sidewalks were also adopted by the board. One is for Torrance street and the other is on North Dunn street in front of the Ramsay's place.

The quarterly financial report was read by City Clerk Gann. It shows that the city has over \$1,000 in the general revenue fund.

## ASS'T SUPT. OF RAIL-ROAD IN MEXICO

J. C. Ferritor of this city has been employed as assistant superintendent of the Sinaloa division of the Southern Pacific at Mazatlan, Mexico, and took charge of his work on April 17. Mr. Ferritor has a fine position, one that is paying \$600 a month. Mr. Ferritor is a good railroad man.

### Returned From Nebraska.

Miss Margaret McDougal, the daughter of Mr. and Mrs. R. L. McDougal, returned Monday night from Cozad, Neb., near where she has been teaching the past year.

Little Miss Nina Blanche Jones living at 202 East First street, returned Tuesday from a visit in Burlington Junction with her aunt, Mrs. Frank Compton.

## MINSTRELS ON MAY 3

COLUMBUS SHOW ON THAT EVENING AT THE EMPIRE.

## WELL RECEIVED IN ST. JOE

To Be Given Under the Auspices of Maryville Lodge of Knights of Columbus—Will Entertain.

The Columbus Club Minstrels which showed at the Shubert Theater in St. Joseph Monday night, and will again be put on Tuesday evening, will come to Maryville on Wednesday, May 3, and will present the show at the Empire Theater that evening under the auspices of the Maryville Knights. There are eighty in the company and they will come to the city in a special train over the Burlington, arriving here about 5:30 o'clock on that evening. The return trip will be made after the performance.

The local lodge intends to serve a banquet in honor of the visitors and is making other arrangements for their entertainment while in Maryville.

The minstrels this year far surpassed any the Columbus Club has put on and the St. Joseph papers say that it was well received in that city Monday night by a packed house, where standing room was at a premium.

The proceeds of the show will be used toward furnishing the new club rooms of the Maryville Knights.

## ELMO EXERCISES HELD MONDAY NIGHT

Miss Bonnie Johnson, who has been principal of the Elmo schools the past year, returned home Tuesday accompanied by her sister, Miss Lois Johnson, who attended the commencement Monday night. She also visited her niece, Mrs. Leon Severs at Burlington Junction Saturday and Sunday.

President Taylor delivered the commencement address Monday night, when the following graduates received their diplomas: Leland Bushby, Claud Abbey, Ursle Kinman, Lloyd Lamar, Addie Carpenter, Stella Hurst, Viola Race, Loy Elrod, Ethel Bailey and Ollie Goodman. On Friday night, the class exercises were given. The class prophecy was presented by Miss Stella Hurst and the class poem by Miss Viola Race. The other members of the class presented a play entitled, "Higbee of Harvard," with the exception of Leland Bushby, the son of Dr. J. J. Bushby of Elmo, who was so badly hurt playing ball the day previous, that he was unable to take his part in the play. However, the play went off very nicely although a new man had to be introduced at the last moment.

## SPRING TERM OF NORMAL TO CLOSE MAY 24

The spring term of the Normal will close May 24. There will be a short vacation from that time until May 31, when the summer school will begin its ten weeks' session of six days each week.

## K. C. CLUB ROOMS TO OPEN MAY 1

The Knights of Columbus will open up their club rooms in this city about the first of May over the Alderman dry goods store. The suite contains four rooms, which has been nicely papered and remodeled. The Maryville lodge has a membership of seventy-five.

### Has Leased Residence.

Miss Fannie Hope of the State Normal faculty has leased the Charles Hudson residence on South Buchanan street, recently purchased by Mrs. E. C. Curfman, and will occupy it after June 1. Miss Hope's mother will arrive at that time from her home in Independence, Kan. Mr. Hudson and his family will go to Norfolk, Neb., to live.

### Barber Shop Sold.

Hubert Appleby has sold his barber shop interest to Fred Harbison, and has gone to Maitland. He opened a shop there Tuesday morning.

## MARYVILLE MAN IN TROUBLE IN ST. JOSEPH

The St. Joseph News-Press contained the following account about J. E. Orme, a former resident of this city: J. E. Orme, a life insurance agent, was arrested by Police Detectives Duncan and Grable last night, charged with insulting two women. He is held for a state warrant. The women whom Orme is said to have been annoying are Mrs. Wesley Spring, 2706 Jackson street, and Mrs. Edward Z. Linders, 215 North Twelfth street. Mrs. Spring caused his arrest.

According to Mrs. Spring, Orme has called her by telephone practically every morning for two weeks. She says he made abusive and insulting remarks to her, but refused to disclose his identity. He is said to have telephoned her Wednesday night, and asked her to meet him down town. She notified the police and was advised to make an appointment with him the next time he telephoned. Yesterday morning he called her again, she says, and she accepted an invitation to attend the Majestic Theater with him. Followed at a safe distance by her husband and the two detectives, Mrs. Spring met Orme in front of the theater and just as he grasped her by the arm the officers arrested him.

At Central police station last night Orme said his purpose in meeting Mrs. Spring was to sell her insurance. She says, however, that insurance was never mentioned in the telephone conversations.

Edward L. Linders, who conducts a creamery at 1905 Frederick avenue, said today that a man whose description Orme fits, has been telephoning his wife.

Mrs. Linders, accompanied by her husband, went to the police station this forenoon, and identified Orme as the man who had been annoying her. She recognized his voice, she said, and said she had seen him one morning when he slipped a note under her door. She said she would appear against him in court.

A notebook containing the names and telephone numbers of about 100 women, most of them married, was found in Orme's possession. Inspector of Detectives Gibson says that inquiry will be made of many of them to ascertain whether they also have been annoyed by a man telephoning.

Orme was one of the plaintiffs in the suits brought against the Ringling Bros. circus as the result of the storm that struck the Ringlings' circus tent in Maryville. Orme says his home is in Maryville where he has a family, and that he has been in St. Joseph about a year, soliciting insurance for the Knights and Ladies of Security. He gave his age as fifty years, and he is badly crippled with rheumatism.

## AUTOMOBILE ROAD TO PASS THROU MARYVILLE

The board of directors of the Commercial Club met Monday afternoon to consider the matter of the proposed automobile road from St. Paul to Kansas City, which will probably pass through Maryville. The road has been selected as far as the Missouri line and the route from that line to Kansas City remains to be selected.

Secretary G. B. Roseberry of the Club is to correspond with the promoters of the project and when more details are secured, the club will get back of it. The board is highly in favor of the move and at a meeting in the near future, some of the promoters may be present to talk of the advantages of the proposed roads.

## TURNED OVER FUNDS TO NEW TREASURER

Joseph Jackson Jr., the retiring treasurer of the Normal school board, turned over the funds of the institution to the new treasurer, George B. Baker, Saturday. Mr. Baker was appointed at the last meeting of the board of regents held in St. Joseph.

### Will Leave for Idaho.

Mr. and Mrs. J. T. Havener expect to leave Tuesday night for Boise, Idaho, to spend a year with a son and daughter of Mrs. Havener.

Henry Wilmes of near Bedison, was in the city Tuesday.

## TO BE SUBMITTED

PEOPLE TO VOTE SOON ON QUESTION OF NEW CITY HALL.

## SO DECIDED BY COUNCIL

At Special Meeting Held Monday Night—Foster and Bent to See About Plans and Specifications.

The proposed new city hall was discussed by members of the city council at a special meeting held Monday night and it was decided to let the people vote on the proposition at a special election to be held in the near future. A petition, containing the names of between 400 and 500 citizens was presented, and asked that the question be submitted, believing that the old city hall was unsafe and inadequate to the needs of the city.

Mayor Robey appointed Henry Foster and Lincoln Bent as members of the committee to see about the plans and specifications of the new building. This committee is to appoint a third member, who will also act in conjunction with them. The committee will act jointly with the building committee of the city council, composed of Aldermen Hooker, Gram and Foster.

The committee will make its report at the next meeting of the council to be held Friday evening, May 5. The proposed building is not to exceed \$15,000 and is to be built on the present site of the old city hall.

Maryville is well able to take care of an additional \$15,000 bond issue for the purpose of building a city hall that should be a credit to the city. The bonded indebtedness of the city is about \$22,999, and enough money is on hand in the different funds to pay off about \$2,000, making about \$20,000 total bonded indebtedness.

The council will at its next meeting decide on the plans of the building and will also at that time select a day when the special election will be held.

## WILL LOCATE IN ST. ANTHONY, IDAHO

Dr. Karl Malotte will leave Friday morning for St. Anthony, Idaho, where he will locate for the practice of his profession as physician and surgeon. He has received more flattering inducements to locate there and will leave at the earliest date possible. Mrs. Malotte and two little children and her mother, Mrs. Donna Graham, will join him in about one month or as soon as they can leave their property here.

### Services at Mt. Ayr.

A deaconess from Kansas City will speak at 11 o'clock next Sunday morning and again at night at the Mt. Ayr church east of Maryville. A special feature will be the music.

Mrs. F. D. Hurst and daughter, Miss Merl, of Elmo, were in Maryville on business Tuesday.

William Jones, father of Warren L. Jones, left Monday night for a visit to his brother and sister, living at Albion and Blakesburg, Ia.

One of the most successful grafters out West is said to be very popular. He has been grafting alfalfa roots onto strawberry roots and producing a vine that goes deep into the ground and bears several crops a year.

There will very likely be no decision in the Missouri railroad rate cases this year. They have been ordered reargued by the supreme court at Washington and this argument set for October. This means that there will be no decision until late in the fall, if then. In the meantime a law passed by the last legislature to give the state railroad commissioners power to fix rates will not be called into action until after the supreme court renders a decision in the case now before them.

A Russian who landed at New York a few days ago with fifteen children was detained and asked if he could support such a family. He could not speak English but he answered in excellent "American." He reached into the depths of his pockets and flashed a roll of bills amounting to \$26,000. His argument was unanswerable and he was allowed to proceed happily on his way.

#### His Mother Improving.

Winfield Scott returned Tuesday morning from Cambridge, Ohio, where he was called two weeks ago because of the illness of his mother, who was injured by a fall. Although now 98 years old, she is improving nicely from her injury.

#### Midnight in the Ozarks

And yet sleepless Hiram Scranton of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Mrs. G. H. Leech returned Monday evening from a several days' stay in Pickering on account of the illness of Dr. Leech's grandmother, Mrs. Hippie, who is gradually growing weaker. She was accompanied by her nephew, Master Harley Smith.

### WILL RUSH COLUMN TO FEZ

French Force With Artillery to Move on Moroccan Rebels.

Paris, April 25.—The situation in Morocco, while still serious, is more hopeful. The French government received advices that quiet prevailed at Fez, the rebels apparently having been subdued by their defeat by Captain Bremond's column April 12 and that there has been little activity since then.

Captain Bremond, in command of both the French division and the forces of the sultan, is attempting to reach Fez. He has been heard from as late as April 18. He reports his troops in good condition and the weather improving, permitting of an early resumption of his march to Fez, which had been interrupted by floods.

Meanwhile General Molnier, at Casablanca, has completed preparations for a mixed force of tribesmen, French troops and artillery, under Major Simon, which will start soon for Fez.

## MEXICAN ARMISTICE MAY BE EXTENDED

Possibility Diaz and Madero May Appoint Envoys.

El Paso, Tex., April 25.—It was learned that if there should be need of a longer period than five days in which to conclude peace, the armistice signed between General Navarro of the federal forces and General Madero will be extended from next Friday, when the five days agreed on expires at noon.

Negotiations for peace have extended just far enough to put each side in possession of outlines of the others demands. General Madero has known and sacredly guarded for two weeks information as to what the government will grant. He telegraphed Mexico City the nature of his own basic demands. Following this, a long telegram was received from the Mexican capital, but no intimation of its contents leaked out.

The negotiations were at this stage when they were resumed. Experience demonstrated that negotiations with most of the lines in Mexico out of commission are too slow and tedious, especially where hundreds of words of code must be used, the least mistake in translating causes many hours of delay.

For this reason both parties wish to appoint envoys with full power to act. The naming of the envoys, the selection of a meeting place and traveling to it, it is thought, will require more than the four days remaining of the truce and hence the determination to extend its duration if necessary.

### HYDE ASKS RELEASE ON BOND

Arguments on Application for Writ of Habeas Corpus Are Begun.

Kansas City, April 25.—Arguments on the application for a writ of habeas corpus for Dr. B. C. Hyde, under a life sentence for the murder of Colonel Swope, were begun before Judge James Slover of the circuit court here.

Dr. Hyde was in the court room, it being the first time he has been allowed to leave the county jail since the birth of his son, last September.

The petition for the release of Dr. Hyde sets forth two reasons why he should be given his liberty on bond. First, that the proof was not evident and the presumption not great that the physician is guilty of murder in the first degree. Second that he is not guilty.

Attorney Frank P. Walsh made the principal argument for the prisoner and County Prosecutor Virgil Conkling represented the state.

Mr. Walsh argued that the opinion of the supreme court by which the first trial of Dr. Hyde was reversed and remanded attacked the evidence of the state as not showing that Colonel Swope died of poisoning as charged, but rather that death was due to senile delirium.

## THREE ARRESTED FOR KIDNAPING

Captors of McNamara Charged With Allowing No Hearing.

### INVESTIGATION IS UNDER WAY

Books of Iron Workers' Union to Be Held for Grand Jury—Judge Markey Forbids Unofficial Investigators to Inspect Records.

Indianapolis, April 25.—Walter Drew, counsel for the National Erectors' association; W. J. Ford, assistant district attorney of Los Angeles, and Frank Fox, chauffeur, were arrested on affidavits charging them with having kidnaped J. J. McNamara, secretary-treasurer of the International Association of Bridge and Structural Iron Workers.

The men were arrested on warrants issued in the court of Justice of the Peace Manning after affidavits against them had been made by an attorney

WILLIAM J. BURNS.

for McNamara. Drew and Ford were released under bond of \$5,000 each, and Fox under bond of \$3,000. All the bonds were given by William A. Ketcham, president of an iron foundry company and an officer of the Indianapolis Employers' association.

It is charged that although McNamara was not turned over to a detective sergeant from Los Angeles until Governor Marshall had honored requisition papers from the governor of California, he had not been permitted to consult with counsel or make a plea of resistance to extradition before Police Judge Collins when he was identified as the man named in the warrant for his arrest.

Fox drove the automobile in which McNamara was taken to Chicago on Saturday night, to be placed aboard a train for Los Angeles.

It was stated that a warrant also had been issued on the same charge against Detective William J. Burns. It was expected that this warrant would be served on Burns' arrival here from Toledo, but he evaded service by leaving the train at a suburban station and was not found.

**Iron Workers Books Held for Jury.**

By an order of Judge Joseph T. Markey of the Marion county criminal court, only the county prosecutors, members of the grand jury and officials of the International Association of Bridge and Structural Iron Workers will be permitted to examine the books and papers taken from the offices of the association. This action, taken on application of attorneys for the association and with the approval of the county prosecutors, bars private detectives and unofficial investigators from inspecting the books, correspondence and documents.

The material was locked up in the grand jury room and will be submitted to the grand jury today in the course of the investigation as to the identity of persons who deposited dynamite in the iron workers' association storage compartment in the basement of the building in which are its offices.

A part of the books and papers were seized by the police last Saturday night in a raid on the offices, led by William J. Burns, a private detective in the employ of the National Erectors' association. The raid followed the arrest of J. J. McNamara, secretary-treasurer of the iron workers, indicted in Los Angeles for alleged complicity in an explosion at the Llewellyn iron works.

**Ryan Disregards Summons.**

Superintendent of Police Hyland was summoned before the grand jury and afterward a summons was issued for Frank M. Ryan, president of the iron workers' association, ordering him to produce additional records. Ryan did not appear and by order of the grand jury deputy sheriffs went to the office building with a wagon, piled the desired documents in it and took them to the court house. It was said the grand jury at this time did not care to examine Ryan.

The books and papers demanded by the grand jury were stacked about the four packages of dynamite fuses, explosive caps and alarm clocks discovered by the detectives in the raid. The explosive were removed to a secret place by the authorities.

### MODERN HAIR DRESSING.

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage tea, such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

## TWENTY-THREE MEN ENTOMBED

American Miners in West Virginia Colliery Meet Death.

## CAUGHT BY BIG EXPLOSION.

Little Hope of Rescuing Any Victims From Elk Garden Mine—Occurs When Work Is Suspended or Casualty List Would Have Been Heavier.

Elk Garden, W. Va., April 25.—Twenty-three miners are entombed in Ott mine No. 2 of the Davis Coal and Coke company here, the result of an explosion. Little hope is entertained for the rescue of any of them.

As soon as the accident became known Superintendent Robert Grant organized a rescue corps of the miners off duty, and these attempted to enter the mine, after notifying the officials of the coal company at Cumberland.

The rescue parties had not advanced far into the workings before they discovered it would take several days to dig through the heaps of roof coal and slate, loosened by the explosion. Strenuous efforts, however, are being made to reach the entombed men.

In contrast to the usual mine explosions, the victims in this case, with one exception, are Americans. The mine usually employs 200 men on the day shift and about the same number at night. A temporary suspension of work, however, required fewer men in the mines, else the casualty might have been greater.

After penetrating about a mile down the main entry, the rescuers found the body of a man, not yet identified. It had been crushed beneath a fall of slate as he was running out of the mine. The discovery of this body heartened the rescuers, who are positive that none of the others are alive.

Several yards beyond the passage was completely blocked by the collapse of the roof. Behind and under this fall it is believed the bodies of the miners lay. Gas is heavy in the main entry, and in the workings not totally blocked by coal and slate rescuers have to work in short shifts.

Havoc wrought in the mine would indicate that the explosion was terrific. For a square mile or more the slate and coal was split and props were splintered, letting the roof fall in large sections.

## STEAMSHIP ASIA SINKS

Vessel Bound From San Francisco to Hong Kong Goes to Bottom.

Tokyo, April 25.—The Pacific Mail steamship Asia from Hong Kong for San Francisco has sunk off Finger Rock, South China. The passengers are reported rescued.

The Asia struck while feeling its way cautiously through thick fog in the direction of Shanghai.

Its wireless signals of distress were picked up by the steamer America of the Toyo Kisen company, which was en route from Shanghai for Hong Kong. The latter vessel immediately replied:

"We are coming to your assistance." No further message was received by the America, which pushed hard in the direction of the Asia.

## Davenport Woman Kills Herself.

Davenport, Ia., April 25.—Myrtle Smith, who had been living in Davenport for many years under that name, but whose right name is said to be Myrtle Bickmann, cut her throat with a butcher knife. The body was found in her home.

We will give at our STORE a Practical DEMONSTRATION of the use of  
**"Wear Ever" Aluminum Ware**  
On Thursday, Friday and Saturday, April 27, 28 and 29

At this time we will have with us an expert *LADY DEMONSTRATOR* representing the factory, whose purpose it will be to show you, by actual test, the superiority, the cleanliness and the economy of its use. The following are a few of the many tests that will be made:

## TEST NO. 1

Pour one pint of milk into a saucepan. Place over a low fire and without stirring let the milk boil down to one-quarter pint. The milk will not be scorched.

## TEST NO. 2

Cook to dryness in an aluminum saucepan one pint of tomatoes. Then over a low fire burn the tomatoes in the pan ten minutes. Then pour in boiling water, increase the heat, boil a few minutes and clean out with a wooden spoon. The utensil will not be injured.

## TEST NO. 3

Hold by the edges an aluminum pan and an enamel pan of the same size, so that the sides opposite your hands are in a small flame, as shown in this picture. You will drop the aluminum pan first.

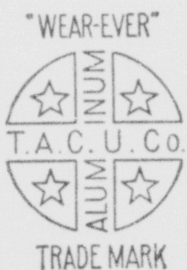

"Wear-Ever" utensils are made without joints, seams or soldered parts from THICK, hard sheet aluminum. They have no coating to peel, crack or blister. They cannot rust, cannot form poisonous compounds with acid fruits or foods, and they last a generation.

Less fuel is needed when cooking in "Wear-Ever" utensils. They heat quicker and retain heat longer than other cooking utensils. Food cooked in them is less liable to scorch and they are practically everlasting.

During this Demonstration we are enabled, by courtesy of the factory, to place on  
**SPECIAL SALE**

## SOUTHERN PACIFIC FORFEITS LAND

Railroad Loses Two Hundred Thousand Acres.

WILL BE REOPENED FOR ENTRY

Federal Judge Wolverton Decides Conditions of Grant Were Violated--Settlers Already in Possession Have No Rights.

Portland, Ore., April 25.—Federal Judge Charles E. Wolverton decided that the Southern Pacific and the Oregon and California Railway companies must forfeit to the United States government about 200,000 acres of land, valued at \$40,000,000 to \$75,000,000.

Interpreting the act of congress which granted the land to aid railway construction the court held that congress intended that this land should be sold to bona fide settlers, in tracts not greater than 16 acres to one individual, and at a price not exceeding \$2.50 per acre.

While deciding in favor of the federal government, Judge Wolverton decided against the several thousand interveners in the case.

He held that they had acquired no right whatever, either by settling on the land or by tendering the maximum sum per claim specified by the law. The effect of this portion of the decision is that the lands cannot be procured by any individual until the president or congress again opens them to entry or file.

The sixty-three entrymen who had gone upon the land as settlers before the suits of the government began also lose their claims, and are held to have gained no advantage whatever by their period of settlement.

More than 5,000 interveners have filed applications to get a portion of the land, but their supposed rights are brushed aside, leaving the entire tract open to disposition by congress, as if it had never been offered to the railway interests as a grant.

In brief, the question raised by the Southern Pacific was whether congress had the power to make a subsequent act precedent to the rights conferred in an original grant.

The suit was instituted in 1908 by Attorney General Bonaparte, following a memorial from the Oregon legislature to congress that the Southern Pacific company, successor to the Oregon and California Railway company, had forfeited its rights to a grant of land in Oregon and Washington. The company was said to have refused to sell the land as provided in the grant.

### HOME RULE UP IN COMMONS

Premier Asquith Announces That Government Will Oppose Measure.

London, April 25.—The anti-home rule amendment to the veto bill, proposing to exclude from the operation of the measure "any bill to establish a separate parliament and executive for Ireland," was moved by John B. Lonsdale, Unionist member for mid-Armagh, in the house of commons.

Premier Asquith gave the house to understand clearly that the cabinet was unwaveringly of the opinion that the electors had returned them to power with the full knowledge that they would give Ireland a measure of home rule.

A. J. Balfour, leader of the opposition, spoke in favor of the amendment.

Another Battering Aide Resigns.

Washington, April 25.—With the resignation of Edward C. Finley as chief law officer of the reclamation service, to take effect May 1, practically all the officials of the interior department whose names figured prominently during the Ballinger-Pinchot investigation now have severed their connection with the government service.

## Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it from your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 509 Caldwell building, Monticello, IL.
